To ensure the active role of stakeholders in the development of the plans, a range of **public consultation activities** are pursued and you will find frequently updated information on all such activities when visiting this page: [www.icpdr.org/main/activities-projects/public-consultation-draft-management-plan-updates-2021](http://www.icpdr.org/main/activities-projects/public-consultation-draft-management-plan-updates-2021).

These consultation activities are leading up to an intense, 1½-day **Stakeholder Consultation Workshop** under the title “**Our Opinion – Our Danube**”, to be held **online, on 29th-30th June 2021**. During the workshop, stakeholders such as you will have an opportunity to discuss the two draft management plans and propose ways to adjust and improve them.

The ICPDR will review and confirm registrations, subject to availability. Participation will be free of charge, and will require nothing more than the Zoom software and a reliable internet connection.

We very much hope we can look forward to counting you amongst our participants, and look forward to lively and productive discussions on both of our draft management plans.
